Christine--

See attached for the "final?" FRN and edits to the cover letter. I left in track changes so you can see the edits. The edits made to the FRN incorporate Will's edits, the first sentence of Dennis' edit, and a few important edits to the signature blocks.

The edits to the cover letter correct a few typos and make sure we're using the correct title to refer to the decision doc on the "Enclosure" line. Please let's avoid the use of the CNP acronym. We haven't used it in any of the other documents for this decision so from a "plain language" perspective, the cover letter is not the time to introduce it. Joelle and Jeff are both fine with the cover letter with these edits made.

Thanks and have a great weekend!
Allison

That's something Kris Wall and Joelle caught this morning. I had already changed to:

"CZARA provides that if a state does not submit an approvable program, the federal agencies will withhold certain grant monies."

Ex. 5 - Deliberative

These two sentences together are key for Dennis. Thanks.
